

Fire station visit

Have you ever heard about Cultural Capital? It is the “essential knowledge that children need, to prepare them for their future success”. At Monkey Puzzle Highbury we are committed to provide chances for the children to experience the awe and wonder of the world.

So this week we organized a trip to our local Fire station to give children different opportunities to get to know our neighborhood, and follow the children’s big interest in “people who can help us”.

We took the bus all together and some mums came along. It was so much fun, we paid using our oyster cards and looked outside the windows to spot more cars, people and animals.

Once we arrived at the station, we witnessed a drill and listened carefully to all the instructions they gave us. We saw a real fire engine with all its lights on

They let us try their uniform...oh it was sooooo heavy!!!! But we know that it protects us from harm.

And then we got the chance to use the hose and try to extinguish a pretend fire!!!!

We were so proud of ourselves 😊
