

# MOTHER 'S DAY TEA PARTY

Here at MPH, we are famous for seizing every opportunity we get to invite our families to join us; even more so when the reason is celebrating our children's amazing mums!

On Monday 20th of March, we did just that: the mums across all 3 rooms were invited to a Mother's Day tea party. Our guests of honour were welcomed with some pastries and finger sandwiches, and of course, a nice warm cup of tea.

Then, each room had different activities set up, all with Mums at the centre of them: from a photo booth decorated by the babies, to 'mummy and me' puzzles, photo frame decorating, sculpting play dough and bracelet making, there was something for everyone. It was heart-warming to see the children's faces as they proudly gave their handmade presents to their mummies, and it was an afternoon where you could definitely feel the love in the air!

Making precious jewellery and sharing cuddles

The toddler mums had a choice between artisanal pasta bracelets, decorating photo frames, or making their own 'mummy and me' puzzles

Mums could get a nibble or have a sip of tea in between activities.

Mummies and babies striking a pose
